

Introduction

Endo PAC was created to support Endo's ability to forge and maintain relationships with federal and state elected officials. As you may know, federal law prohibits direct corporate campaign contributions. However, corporations may pool voluntary donations from employees to support like-minded political candidates. In an ever-changing political landscape, Endo PAC gives employees a unified voice to help Endo grow, to protect our industry and to better serve our patients.

Mission of the PAC

Endo PAC is non-partisan, supporting legislators from either political party who share Endo's values and vision for health care. When choosing to make a contribution to a candidate, Endo PAC considers the candidate's views on issues that impact Endo and its employees, as well as the presence of Endo facilities or employees in the candidate's district or state.

Message from the Chair

Last year, Endo PAC laid the groundwork to engage in what is likely to be the most watched political election season in recent memory. The outcomes of Election 2016 will shape the public debate on issues that have a direct impact on how Endo can serve its patients, including prescription drug pricing, pharmaceutical disposal and corporate tax reform.

With so much at stake on November 8, Endo PAC needs your support now so that we can educate members of Congress about these issues and how their decisions impact our patients.

Thank you for your continued support of Endo PAC.

Brian Munroe
Chairman, Endo PAC

2015 Annual Report

Endo PAC is committed to transparency. Below is a complete list of all 28 federal and state campaigns that received contributions from Endo PAC in 2015, as well as a financial status report for the same year.

List of Campaign Contributions
